To whom it may concern,

I am writing this letter to spread the word about Todd Malecki and Icemen Basketball. I have been involved with Coach Malecki for over two years both in working camps and having him coach my players on the travel team. He has shown himself to not only have basketball knowledge but integrity and honor. As all high school coaches know those last two qualities are sometimes scarce in the world of travel basketball.

I will be sending as many of my players as I can to Icemen basketball this spring and summer and I will even be sending my ten year old son to Coach Malecki to work with.

If you are a high school coach looking for an off season program that will improve your players, then Coach Malecki and Icemen Basketball is the way to go.

Sincerely,
Tim Hatch
Citrus Hill High School
