

I have been involved in basketball for 25 years at all different levels. I have known Coach Todd Malecki since 1978. He coached for me for 13 years. This letter is for anyone that is considering having your son or daughter play for his youth group/ the Icemen. Coach Malecki is one of the most detailed, hardest working, dedicated coaches in the business. His motivation is seeing young players meet their highest potential. His practices are demanding and organized. My son played for Coach Malecki and I saw with my own eyes and expertise, my son's improvement. I am so confident in him that I give him my highest endorsement and encourage you to participate.

Tony Carter Loza (562-869-3532)

Head Mens Basketball Coach at Los Angeles Harbor College
