

El Camino High School /San Diego Wildcats

To Whom It May Concern:

I met Coach Malecki a couple of years ago at a Coaches Clinic he ran and where he asked me to be a guest speaker. I have personally witnessed his Icemen teams play and have watched him conduct practices. Coach Malecki's has coaching experience at the high school, community college and div 2 level, as well as his Icemen program and spent a season in the Summer Pro Free Agent leagues. He routinely has 150 kids in his program and they all benefit from his ability to "teach the game". He is networked with 100's of College Coaches, and when he thinks a kid can play, he is tireless in getting them placed. I give him my highest recommendation and encourage any players in the San Diego area to consider his program.

Sincerely,

Coach Ray Johnson
